

G4 WHOLE HOME FILTRATION SANCTUARY SYSTEM

COMBINE THE G4 WHOLE HOME FILTRATION WITH THE SANCTUARY FOR THE ADDED BENEFITS OF ACTIVEPURE TECHNOLOGY!

Ensure air quality with the G4 Whole Home Filtration System, and for the most powerful and complete solution, add the Sanctuary with ActivePure Technology directly to the HVAC system ductwork to remove contaminants in the air and on surfaces for a cleaner, healthier indoor environment.

FEATURES

- Our proprietary ActivePure® Technology uses light waves and a catalytic process to produce scrubber ions that remove dust particles from the air
- Certified Space Technology continuously protects and purifies the air, and attacks contaminants on all surfaces
- Both the G4 and the Sanctuary are installed by a professional directly to the existing HVAC system ductwork
- A Prefilter removes larger particles from the air like dust and lint
- Uses two better-than-HEPA Filters, which are 99.97% efficient at removing particles 0.3 micron and larger, such as dust mites, pollen and mold
- An inner carbon filter removes odors, smoke, off-gases and VOCs from carpets, paint, and household chemicals from the air

G4 SPECIFICATIONS

Air flow	300 cfm
Weight	44 lbs
Supply Voltage	120 VAC
Power Consumption (without Sanctuary attached)	0.9 amps • 108 watts
Power Consumption (with Sanctuary attached)	1.0 amps • 120 watts
Operating Temp. Range - Return air (°F)	30 to 95
System HEPA filter efficiency	99.97% @ 0.3 micron particles
Coverage	Up to 3,000 sq. ft.

SANCTUARY SPECIFICATIONS

Power consumption	Input: AC 100-240V 50/60Hz 0.4A Output: DC 24V 1A
Weight	3 lbs
Dimensions	8.5" high x 8.5" wide x 11" deep
Air exchange	Distribution via air handler
Coverage	Up to 2000 sq. ft. Nominal, 3000 sq. ft. Maximum

BENEFITS

- ActivePure® Technology destroys up to 99% of surface and airborne contaminants
- Whole home purification that is installed directly to your HVAC system ductwork
- 3-stage filtration cleans up to 3,000 sq. ft.
- Effectively reduces dust, allergens and odors in the home
- A brushless motor provides quiet operation and long life
- Cleans the air 24 hours a day, even when your HVAC system is not on
- Activated carbon filter absorbs odors without ozone
- Protects people from dangerous contaminants and pollutants, and protects heating and cooling system from dust buildup
